Experience

Senior UI Developer

Cigna-Digital

Sep 2013 - Jun 2020 (6 years 10 months)

Formally known as Brighter Inc. until acquisition by Cigna Health, I started as the sole front-end UI developer in a start-up team of 8 developers. I worked closely with in-house designers to transform PSD mocks into pixel-perfect webpages for the flagship sites and mentored incoming UI developers on current coding standards and assisted other fellow developers with front-end issues.

Check out the websites below for reference:

UI Developer

Square One Solutions, Inc.

Jun 2012 - Sep 2013 (1 year 4 months)

Implementing front-end web-based UI development using HTML5, CSS3 for clients such as, but not limited to:

DirectTV

ValleyCrest Landscape

Union Bank

Green Dot Financial

Agile Health

Also assisting the design department on image production and graphic/UI design tasks.

Concentrated focus on Twitter Bootstrap and responsive UI development for mobile and tablet devices.

Senior Tech Recruiter

Internet Brands

Feb 2010 - Jun 2012 (2 years 5 months)

Involved in full cycle tech recruiting for all IT and web development needs for the headquarters office as well as off-site subsidiary locations. Sourcing candidates through various online and social media sites as well as existing contacts, administering tests, initial phone screens to onsite interviews, providing feedback to respective hiring managers and VP/C-level executives, and presenting offers to potential employees. Also involved in mentoring recruiters for faster wrap up time in tech recruitment.

Communications | Interpreter

Marine Corps Recruiting

Aug 2000 - Aug 2005 (5 years 1 month)

2 tours in Iraq in support of Operation Iraqi Freedom I & II

Education

UC San Diego
