Brighter Inc.

(Currently Cigna Digital after acquisition by Cigna Healthcare)

Senior UI Developer

Santa Monica, CA

Sep 2013 – Jul 2020

- Initially brought on as the sole front-end developer to help build and maintain the company's flagship website and intranet sites through multiple versions and updates.
- Worked closely with the UI designer to ensure all pages were built per spec and collaborated on responsive design and layout.
- Used browser dev tools and physical devices to ensure all pages were responsive on all tablet and mobile devices.
- After the company's acquisition by Cigna Healthcare, I lead the transformation of our sites to ensure all pages were ADA & WCAG compliant (semantic labeling, color contrast, keyboard navigation, screen reader) and assisted in its documentation using Confluence.
- Participated in unit testing using Jest
- Mentored incoming junior front-end developers on current company coding standards and assisted in code review for pull requests.
- Participated in 2 week sprints (Agile approach) to include sprint reviews, retrospectives, planning and daily standups

Tech stack: HTML, CSS, SASS, Bootstrap, Javascript, React, REST API, Jest, Jira

Square One Solutions Inc.

UI Developer

Santa Monica, CA

Jun 2012 – Sep 2013

- Collaborated in a team of 6 developers for a start-up with established clients such as DirectTV, Union Bank, Green Dot Financial and Agile Health.
- Assisted in building fully responsive pixel-perfect webpages based on PSD mocks.
- Ensured certain sites followed ADA & WCAG Compliance standards to include keyboard navigation, screen reader, and color contrast issues.
- Assisted the designer on image and graphic production utilizing Photoshop.

Tech stack: HTML, CSS, Javascript, Bootstrap, Photoshop

Internet Brands Inc.
Senior Tech Recruiter

El Segundo, CA
Feb 2010 – Jun 2012

- Involved in full-cycle technical recruitment for all IT and web development needs for the headquarters office as well as off-site subsidiary locations. Responsible for filling tech requirements in company-owned brand sites to include CarsDirect, ApartmentRatings and WebMD to name a few.
- Sourced candidates, guiding the applicant from initial phone screen to onsite interviews, providing feedback to responsive hiring managers and VP | C-level executives and presented offers to potential employees.
- Mentored incoming recruiters for quicker wrap up time in tech recruitment.

Interests: Working out, keeping up and learning new front-end technologies, rooting for the LA Chargers and the occasional Minecraft session with friends.
